

SEXUALITY AND DEVELOPMENTAL DISABILITIES **A WORKSHOP FOR PARENTS AND GUARDIANS**

Talking with our young and grown children about sexuality can be difficult.

As parents and guardians, we worry whether talking about it is seen as giving permission to explore their sexuality. We also want to ensure they will be safe from harm when they are in relationships. This workshop will help you become more comfortable discussing this topic, by covering what to discuss and the most effective ways to talk about this sensitive topic.

GOALS

Examine barriers to talking about sexuality.

Gain knowledge about sexuality and developmental disabilities.

Acquire and practice skills in communicating about sexuality with our young and grown children.
